

ACTION TAKEN BY COUNCIL TO COLLECT CITY'S MONEY

Assessing Boards to Be Set to Work Without Further Delay.

DRY RUN BRIDGE MATTER

Again the Subject of a Prolonged and Wearisome Debate.

CITY LOTS ON SIXTH STREET

Transferred to the Local Hospital Association—Local Newspaper Scored—Other Minor Matters Occupied Solons' Time.

President O. D. Nice's foremost object in calling the special session of council last night was to so shape matters that some of the money due the city on street improvements could be collected. It has all along been realized by the members of the councilmanic body that negligence has been the cause of the present depression in the city's finances, and the president determined to arrange for the collection of some of the much needed cash.

At a meeting several weeks ago an assessing board was appointed to make the assessments for the Pennsylvania avenue improvement. One of the members of the board, Smith Fowler, refused to serve and hence nothing has been done in the way of collecting money for that improvement. It was decided to appoint another member to succeed Mr. Fowler, and on motion of Mr. McLane the council made William Kent a member of the board. The others are A. W. King and James Rigby. The board which was appointed to make the assessments on Trentvale street will also be urged to proceed with their work.

Bids received by Clerk Hanley for the improvement of Grant and Fenton streets were opened. Thomas McLaughlin was awarded the contract for grading Grant street, his bid being 47 cents per cubic yard. The estimated cost of the work is placed at \$526.40.

John Ryan was given the contract for the Fenton street improvement. His bid was \$1.20 for paving, 35 cents for excavation and 28 cents for stone. The estimated cost of this work is given at \$990.

The clerk was instructed to issue the city's obligations for the amounts necessary to pay for both the Grant and Fenton street jobs.

Council was then informed by the clerk that notes to the amount of \$17,000 had fallen due. He was instructed to have them renewed.

Mr. Thomas, after waiting patiently for a chance to do so, called the street committee to account for stopping the work of making the fills at Dry Run bridge. He was not a bit backward in saying he did not think there was any excuse for holding back the job, and stated that if the work was not completed before bad weather set in it would not be done this winter.

Mr. Heddleston explained that the street committee had stopped the contractor until the county commissioners reached here this week. He stated that the commissioners were to be consulted in regard to some matters concerning the work and that it was not the desire to have the contractor to finish until they were seen.

A discussion arose as to what interests the commissioners have in the Dry Run bridge, and one of the members asked what had been accomplished by the committee that recently conferred with them. Mr. Bullock stated that Mr. McLane, who was a member of the committee, might be able to throw some light on the matter, but that gentleman said he was not yet ready to submit a report.

At this juncture Dr. Marshall took the floor and stated that a so-called report of the result of the committee's conference had been published in a local daily newspaper. He then took occasion to state that the alleged report was published without authority and that it was of a nature to create a rupture between the commissioners and the council.

President Nice took up where Dr. Marshall left off and fired another charge of hot shot into the newspaper which he claimed had been working detrimentally to the city's interests in publishing certain statements concerning dealings which were under

way between the council and commissioners.

"After being urgently requested by council," said Mr. Nice, "to refrain from making known the dealings between this body and the commissioners, this newspaper went boldly ahead and published the very things we tried to suppress."

The president went on to state that it was not the desire of council to keep the public in ignorance of what the body was doing, but he claimed that the statements which were published against the will of council were not a matter of news to the public, but of a nature to work an injury to the city. His words were caustic and he was unsparing in his use of them.

Another lengthy discussion was held concerning money which some members claimed was due on the bridge fund from the commissioners. Dr. Marshall said if any money was due that steps should be taken to get it. He thought the solicitor should be empowered with authority to collect the money if the commissioners refused to pay it, though he insisted that they had been acting fair with East Liverpool, and he did not wish to do anything to injure the existing good feeling.

After an hour's controversy in which Messrs. Thomas and Heddleston fired a few "hot ones" at each other it was decided to let matters rest as at present until the commissioners arrive here.

President Nice stated that residents of Garfield avenue wanted a plank walk built in front of three lots and agreed that if council would get the lumber they would do the work. They will get the plank.

Mr. Marshall called attention to a watering trough between Smith's Ferry and the state line which, he said, had become so old and worn that it was falling away. The street commissioner was instructed to build a new one.

A resolution was passed transferring to the hospital association three lots fronting on Sixth street, the same to be utilized by the hospital building. At the time the other lots were donated to the association it was believed by the members of that organization that the property extended from Fifth to Sixth streets. This was found to be a mistake, however, and hence the extra lots were needed.

Other minor matters were discussed by council, but no action taken.

FAILED TO KEEP HER PROMISE

Mary Robinson, Who Said She Would Be Good, Goes to Jail.

THE GIRLS' REFORM SCHOOL

Will Probably Receive Her as an Inmate Soon—She Is Accused of the Theft of Clothing From an East End Woman.

Constable Powell this morning took Mary Robinson, a young girl of this city, to Lisbon, where she was turned over to the probate judge. She was arrested yesterday afternoon and arraigned before Justice McLane, who sent her to the county jail.

The girl, who is about 14 years old, was arrested several weeks ago charged with having stolen some jewelry from her cousin. She was taken before Justice McLane, but before being placed on trial her cousin, who had filed the charge against her, agreed to annul the proceeding on the girl's promise to go home to her mother and stay away from evil associates.

She failed to keep her promise, however, and the latest crime of which she is accused is that of having stolen a dress skirt from Mrs. Alonzo Kidder, in the East End, for which offense her sister, Lizzie, was recently arrested, but was acquitted. The girl's mother informed Justice McLane of her actions and requested him to have her sent to a reform school.

Constable Powell had been looking for her since she skipped from the East End, but was not able to lay hands on her until yesterday. She will likely be sent to the Delaware institution for young girls.

BOTH PAID FINES

Two Unfortunates Before the Mayor for "Hunting the Boozie" Too Heavily.

Two lovers of the stuff that robs men of their senses fell into the law's clutches last night and came before the mayor this morning to offer atonement. One of the fallen ones was C. F. Jones, who was taken in charge by Officer Dawson while trying to support a "load" that would have made a mule groan. Jones told his honor that he would henceforth never tackle anything stronger than river water, and on paying \$5.00 went his way.

Sam Long, a carriage painter who recently arrived in the city, went after the booze last night with the determination of giving it a knockout blow. When he awoke this morning he found himself in jail with a head like a punctured foot ball. He was taken in tow by Officer Davidson, charged with drunkenness and disorderly conduct. He had to pay \$6.00 to obtain his freedom.

A SMALL CROWD CAME TO HEAR

Star Democratic Speakers, Jones and Monnett Did Not Appear.

TWO LOCAL MEN SPOKE

And F. B. Minehan, of Columbus, Argued in Favor of Low Tariff And Tom Johnson's Platform—J. C. Walsh And Dr. Ikirt Talked.

The small crowd which assembled at the Grand opera house last night to hear "Golden Rule" Jones and Attorney General F. S. Monnett discuss the political issues from a Democratic standpoint, were doomed to disappointment. Neither Jones nor Monnett was there.

Ed Cook, city chairman, called the meeting to order at about 8 o'clock and introduced J. C. Walsh, Democratic candidate for representative. Mr. Walsh made an apology for the absent speakers, and at once took up the delinquent tax question. He arraigned the Republican methods, pledging himself, if elected, to do everything in his power to change the system.

Mr. Walsh finished with an eloquent declaration in favor of good roads for Columbiana county. He recited the difficulties and inconveniences connected with an overland trip to the county seat, and told the audience that a liberal portion of his time should be devoted to this question if the voters saw fit to send him to the legislature.

He then introduced Attorney F. B. Minehan, of Columbus, who had been substituted for the other celebrities advertised.

Mr. Minehan undertook to show that the success of Ohio for the Republican party this fall was not necessary to insure the carrying out of the McKinley policy. It was not a matter of vital importance that Mr. Foraker be returned to the United States senate. There were 90 other Republican senators—a good safe majority—who would look after President Roosevelt's administration. The speaker ventured the assertion that there would be no national change in the country's prosperity if Governor Nash should fail to be re-elected. He said that President Roosevelt would carry out that policy just the same, and it would not affect a single national issue, no matter what we do here in Ohio.

Mr. Minehan touched upon the protective tariff, stating that the time had come when the present system should be modified.

"A great many articles," said the speaker, "are over protected, and it is my belief, based upon some of the expressions used by President McKinley just previous to his assassination, that he realized this fact. There is something radically wrong when one man like Carnegie is permitted to pile up wealth until he is compelled to turn around and give it away."

"The real cause of the '93 panic was not because of lack of confidence, but because warehouses and storage rooms were bulging with finished products and merchandise with no sale for them. The greatest exponent of protection who ever lived, William McKinley, said we must not go too far. The Democracy has contended that way always."

"All this talk about national issues is merely done to draw attention of the people of Ohio from their own best interests here at home."

The speaker spent about an hour in reviewing the work of Mayor Tom Johnson in the matter of taxation at Cleveland. He compared Senator Hanna with Johnson, and referred to Johnson as the greatest public benefactor the country has ever known.

After the trusts had been brought in for their share of condemnation, the speaker took up the record of Col. Kilbourne. His connection for years with the Kilbourne Jacobs company, and his many reforms and departures in that factory for the benefit of the workmen were touched upon. The speaker concluded with the statement that the United States would build the Nicaragua canal without the help of consent of any other nation.

Chairman Walsh again took the rostrum and made a few pointed remarks upon the late steel strike. He introduced ex-Congressman Geo. P. Ikirt, who occupied the time for 20 minutes in a pleasing and eloquent speech.

Dr. Ikirt made a good impression

REFUSE TO WORK TEN HOURS FOR PRESENT PAY OF \$1.75

and the audience expressed their approval of his sentiments in several bursts of applause. He was the last speaker.

Bell Telephone Men Working on Underground System Quit.

SECOND STRIKE THIS WEEK

First Demanded a Raise and Got It, But With Longer Hours.

DAYS ARE GETTING SHORTER

And They Think They Should Receive Their Present Pay for a Nine Hour Day—Company Has Found It Hard to Get Laborers.

The gang of 40 men who are working for the Bell Telephone company, laying the underground cables, at noon today struck for nine hours. It is the second strike within a week.

The men were receiving \$1.50 per day for nine hours' labor and on last Monday struck for \$1.75 per day. General Foreman William Pidgeon, after a conference with his superiors, readily yielded to the wishes of the men who promised to work ten hours per day at the rate of \$1.75.

The company has been seeking additional help and desires a complement of at least 60 men to excavate for and lay the cables. It has been unable to get enough men.

All has gone on smoothly until today when the laborers told their foreman at noon that they would not work over nine hours any longer, as the days are becoming too short and that they would not agree to take less than \$1.75 per day for that duration.

The work now in progress is on Market street between Fourth and Third streets. Picks and shovels were idle and the men sat by the open ditch and chatted over their grievances while awaiting the arrival of Mr. Pidgeon, who was promptly sent for.

SPITE FENCE BUILT

Neighbors in an Aristocratic Part of Akron Have a Disagreement.

Akron, October 31.—A spite fence recently erected between the homes of Prof. W. A. Barron and Architect W. E. Redding in the most fashionable part of aristocratic West Hill, is causing a sensation.

Mr. Redding alleges that Prof. Barron tried to flirt with a young woman who was visiting at his home as she was sitting on the front porch. Prof. Barron denies this, but the spite fence has been built 12 feet high. The belligerents have now taken to complimenting each other in verse, the lines being written on the fence.

A sample is: "Of all the men beneath the skies, the spite fence man is the most despised."

The trouble promises to find its way into court.

COLUMBUS CHAT

NEWSY NOTES FROM THE OHIO STATE CAPITAL.

Good Job for a Prisoner From Salem. Soldier Boys Coming Home.

From a Staff Correspondent.

Columbus, Oct. 31.—John Tubbs, the Salem man who began a one-year sentence in the penitentiary last week, has been put at work edging bolts in Columbus Bolt works No. 3. Sheriff Noragon requested Warden Darby to assign Tubbs to the painting gang, he being a painter, and this will be done as soon as there is a vacancy on the force. Tubbs is locking in the new hall, the most comfortable part of the big institution. His health keeps good. Zach Robinson, sent up for life for the murder of his wife in East Liverpool some three or four years ago, has charge of the penitentiary painting gang. As chronicled in this correspondence some time ago, Zach is working for a pardon.

Deputy Sheriff Chris Bick, of Lisbon, spent several hours in Columbus Monday evening between trains. He came here from Lancaster, where he took Robert Carlyle, a 13-year-old Lisbon lad, who was committed to the reform farm for refusing to go to school.

Edward McDonald, sentenced for four years for assault, and William Colts, sentenced to serve eight years for assault with intent to rob, were received at the penitentiary Thursday from Jefferson county.

Hope is expressed here that the Seventeenth regiment, which will shortly return to the United States from the Philippines, will again be stationed at the local military barracks. Several East Liverpool boys are members of the regiment.

Invitations have been received here for the first annual reunion of the Eighth Ohio Volunteer Infantry which will be held at Akron Nov. 20 and 21. All old members are urged to attend.

Bell Telephone Men Working on Underground System Quit.

SECOND STRIKE THIS WEEK

First Demanded a Raise and Got It, But With Longer Hours.

DAYS ARE GETTING SHORTER

And They Think They Should Receive Their Present Pay for a Nine Hour Day—Company Has Found It Hard to Get Laborers.

The gang of 40 men who are working for the Bell Telephone company, laying the underground cables, at noon today struck for nine hours. It is the second strike within a week.

The men were receiving \$1.50 per day for nine hours' labor and on last Monday struck for \$1.75 per day. General Foreman William Pidgeon, after a conference with his superiors, readily yielded to the wishes of the men who promised to work ten hours per day at the rate of \$1.75.

The company has been seeking additional help and desires a complement of at least 60 men to excavate for and lay the cables. It has been unable to get enough men.

All has gone on smoothly until today when the laborers told their foreman at noon that they would not work over nine hours any longer, as the days are becoming too short and that they would not agree to take less than \$1.75 per day for that duration.

The work now in progress is on Market street between Fourth and Third streets. Picks and shovels were idle and the men sat by the open ditch and chatted over their grievances while awaiting the arrival of Mr. Pidgeon, who was promptly sent for.

SPITE FENCE BUILT

Neighbors in an Aristocratic Part of Akron Have a Disagreement.

Akron, October 31.—A spite fence recently erected between the homes of Prof. W. A. Barron and Architect W. E. Redding in the most fashionable part of aristocratic West Hill, is causing a sensation.

Mr. Redding alleges that Prof. Barron tried to flirt with a young woman who was visiting at his home as she was sitting on the front porch. Prof. Barron denies this, but the spite fence has been built 12 feet high. The belligerents have now taken to complimenting each other in verse, the lines being written on the fence.

A sample is: "Of all the men beneath the skies, the spite fence man is the most despised."

The trouble promises to find its way into court.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. POOR YOUNG MAN TO WED RICH BENEFACTRESS.

Young Italian Whom Mrs. Fox, the Sculptress, Befriended, Will Marry Her.

Akron, October 31.—Mrs. Maud Nees Fox, widely known as a sculptress, and owning property worth \$100,000, went to Washington, accompanied by Dominick Corroni yesterday to be married in that city. Their love story is romantic.

While in Italy with her mother a year ago Mrs. Fox met a young Italian, of a respected but poverty-stricken family, who was anxious to come to America, but had not the means. His admiration for her native land prompted Mrs. Fox to pay the young man's fare to New York and to bring him to her home in Uniontown, near here, where she secured employment for him on the construction of the Canton-Akron electric railroad.

Corroni's gratitude to his benefactress ripened into love and his love was reciprocated. The wedding will take place in Washington after certain formalities through the Italian consul there to make the marriage binding in Italy. Mrs. Fox is a daughter of the late W. H. Nees, 30 years old and pretty. She secured a divorce from Louis Fox, well known on the vaudeville stage, three months ago. Her prospective husband is 25 years old, tall and handsome. He is fairly well educated. They will return to Mrs. Fox's fine country residence at Uniontown to make their home.

SETTLEMENT PROBABLE

Of a Protracted Strike of Miners—New Cumberland Interested.

Columbus, Oct. 31.—(Special)—Vice President Sullivan of the Ohio Miners' union, last week visited the Marquett Coal company at New Cumberland, W. Va., in what is known as the Panhandle district, a portion of sub-district No. 5, of Ohio. There 60 men have been idle since the 16th of last May on account of the operators refusing to pay the union scale. Mr. Sullivan had a conference with the company officers regarding the change from pick to machine mining and it is certain that a satisfactory settlement will be reached in the near future. The machine mining has not yet been introduced, as the electric plant has not been completed. The organizers of West Virginia are planning for the solid organization of that state, which now contains between 27,000 and 30,000 miners.

KIND TO SAMPSON,

Schley Changed His Report
and Put In the New
York,

BECAUSE SAMPSON OBJECTED,

To Its Omission and Declined Original
Report For This Reason—Schley
Said, at Time He Considered Vic-
tory Big Enough For All.

Washington, Oct. 31.—The long or
deal to which Admiral Schley had
been subjected since Monday morn-
ing ended yesterday afternoon, when
his cross-examination was concluded
and he was allowed to leave the wit-
ness stand. When the judge advocate
finished the cross-examination shortly
after 3 o'clock the court propounded
to the admiral 34 questions prepared
by the members of the court. These
questions touched many points of the
campaign of the flying squadron, but
mainly centered about the difficulties
encountered in coaling and the reasons
for the retrograde movement. Not one
of them related to the battle of San-
tiago. The judge advocate's cross-ex-
amination yesterday covered the
retrograde movement, the reconnois-
sance of May 31, the loop of the
Brooklyn and the alleged colloquy
with Lieutenant Hodgson about the
Texas.

Was Generous to Sampson.

One of the most interesting fea-
tures of the day was the development
of the fact that the report of the bat-
tle written by Admiral Schley, July
6, 1898, was not the original report.
The original report never has been
published and in accordance with a
previous decision the court yesterday
declined to allow it to go into the re-
cord. Admiral Schley was allowed to
explain, however, that Admiral Samp-
son declined to receive the first report
because it did not mention the pres-
ence of the New York. "I felt that
the victory at that time," said Admiral
Schley, in explaining the matter, "was
big enough for all, and I made this
change out of generosity and because
I knew if the New York had been
present she would have done as good
work as anybody else."

Others to Testify.

Captain Thomas Borden, of the ma-
rine corps, who was aboard the Brook-
lyn, will be the last witness called
for Admiral Schley. After he testi-
fies today the judge advocate will put
on the stand the witnesses in rebut-
tal, of whom there are understood to be
about 15, and it is probable that
Admiral Schley's counsel will call sev-
eral witnesses in rebuttal.

It was learned last night that the
original and unpublished report of Ad-
miral Schley of the battle of Santiago
to Admiral Sampson, referred to in
the proceedings before the court of in-
quiry yesterday, was of a prelimi-
nary character and differed from that
subsequently made, in that it omitted
mention altogether of the cruiser New
York, and that it also requested that
the latter (Admiral Sampson), the
commanding officers or captains of the
vessels engaged, transmit to him
(Schley) their detailed accounts of
the action in order that he might
write a full and complete official re-
port of the battle.

Contents of Suppressed Report.

The suppressed preliminary report
made by Admiral Schley is dated Oct.
Santiago, July 3, and is addressed to
Admiral Sampson, the commander-in-
chief of the North Atlantic station.
The report in substance describes the
coming out of the Spanish fleet from
the harbor of Santiago, and calls at-
tention to the fact that signals were
made to the vessels of the American
fleet, which were obeyed by all the
ships. It then proceeds to describe
the fight and gives briefly the part
played in it by each one of the ships,
showing that the Brooklyn, the Ore-
gon, the Texas and the Iowa remained
in action until the Viscaya went
ashore, and that the Colon surren-
dered to the Brooklyn and the Oregon.
The admiral commends the bravery of
all the American officers and crews
engaged in the fight and recommends
the commanding officers for gallant
and meritorious conduct and for the
superb handling of their ships. Then
follows some routine matter, giving
Spanish losses, the injuries to the
American fleet and the casualties. It
then asks that Admiral Sampson have
the commanding officers transmit to

HOW A PUBLIC MAN SHOULD SELECT A WIFE

By Senator
CHAUNCEY
M. DEPEW,
Who is Soon to
Wed....

[Not long ago, but before his engagement to Miss Palmer was announced, the senator, after de-
nying that he was to marry a certain widow, explained what qualifications he would desire in the
woman he would make his wife.]

WHEN IT COMES TO SELECTING A WIFE,
IT IS DIFFERENT FROM PICKING A
WINNER AT A HORSE RACE. THERE
IS NO FORM BOOK TO STUDY. YOU
HAVE TO GO INTO THE Paddock
AND LOOK THEM OVER. But, seriously,
in this case, being a public man, she would have
first to be handsome. Then she would have to be
attractive, for she would have to represent me at
the head of my table.

I WOULD ALSO WANT HER TO BE A WOMAN
WHO COULD WIN THE MEN I COULD NOT REACH.
MRS. LOGAN WAS SUCH A WOMAN. SHE DID
MUCH TO MAKE JOHN A. LOGAN.

Besides this, I should like to have her be fond of dressing gown
and slippers and spend her evenings at home. AS TO HER AGE,
SHE CAN BE ANYWHERE FROM TWENTY-FIVE TO
SEVENTY-FIVE. You see, I am liberal as to age. Youth is not
always the most necessary requisite in a bride. Matrimony is largely
a matter of propinquity. A man sees a woman and says he could be
happy if he had her. If he gets her, he usually is.

Marrying just to be marrying is a poor business. What one mar-
ries for should be to obtain a companion. Companionship—that is
the highest ideal in married life. Two people, to be thoroughly
happy, should be so situated that in tastes, cultivation, opportunities,
no friction could ever occur on that score. Beyond that, they should
be willing to make allowance for the social and public side of life, in
which their tastes may be dissimilar.

The real business of married life comes in when the doors are
shut on the world and the blinds pulled down, and then if there is any
happiness there must be that comradeship between husband and wife
that makes it so the man can tell the woman all his hopes and fears
and plans and ambitions and hates and loves and antagonisms. He
must be able to discuss with her his schemes, if he is a business man;
his book, if he be a writer; his plan of campaign, if he be a politician.
In a word, he must be able to express to his wife all the little weak-
nesses that he would not be willing to show anybody else on earth.

BUT COMPANIONSHIP—THAT EXPRESSES THE WHOLE SECRET
OF MARRIED HAPPINESS IN A NUTSHELL.

him (Admiral Schley) their detailed
accounts of the action in order that
he might write a full and complete
official report of the battle.

GEN. WHITE DISMAYED.

Buller Attacked Colenso Two Days
Before Agreed Time.

London, Oct. 31.—The National Re-
view gives the essential terms of the
"Spatch-Cocked" dispatch of Sir Red-
vers Buller to General Sir George
White, at Ladysmith, which Buller
had challenged him to do, saying he
would then publish a copy of the
original. According to this authority
the message ran as follows:

"I have been repulsed. You will
burn your ciphers and destroy all
your ammunition. You will then make
the best terms you can with the
Boers after I have fortified myself on
the Tugela."

The editor of The National Review
now explains that he got the dispatch
from a civilian, who was in Ladysmith
at the time and who said there was
nothing secret about it.

The same informant, giving an al-
leged explanation of the fact that
there was no co-operation between
General Buller and General White
during the battle of Colenso, says Gen-
eral White was informed that the at-
tack was fixed for Dec. 17, but General
Buller commenced the attack on Dec.
15, to the dismay of General White,
who had not completed his prepara-
tions.

SOME NEWS IN BRIEF.

At Parkersburg, W. Va., there has
been several attempts at passing
counterfeit money at various places
throughout the city. A young woman
went to the Baltimore and Ohio ticket
office and purchased a ticket for a
point up the river. The agent discov-
ered that the bill she presented was
counterfeit and would not take it. An
officer was called, but the woman suc-
ceeded in making her escape.

At New Martinsville, W. Va., J. W.
Stanton and John Thomas were ar-
rested on a telegram from Marshal
Wilkins, of Cambridge, O. They are
alleged to be a pair of clever lightning
rod swindlers. It is alleged that they
have been operating with considerable
success in Belmont county, O. The
favorite scheme was raising notes
given by farmers. The accused were
traced to New Martinsville by Mar-
shal Wilkins.

Ellis Glenn's case will probably
get into the supreme court of the
United States. The state claims the
federal court at Parkersburg, W. Va.,
acted beyond its authority in releas-
ing Miss Glenn from custody and
from further trial. The governor
holds that it was an infringement on
state's rights to release her.

At Dunbar, Pa., the racket store of
E. Zackhouse was robbed. The
burglars gained an entrance by pry-
ing open the front door. They carried
away over \$100 worth of jewelry and
merchandise. This was the third big
robbery within two weeks.

At Parkersburg, W. Va., A. T. Bar-
rett, who was recently tried in the
criminal court on the charge of for-
ging his father's and brother-in-law's
names to paper to the extent of sev-
eral thousand dollars, and found not
guilty on the count, will be tried again
today on another indictment. There
are seven more indictments hanging
over his head.

At Salem, W. Va., Arthur Gains,
aged 16 years, attempted to force his
way into a speakeasy in which Joseph
Cook was bartender. Cook met him
at the door and grappled with him.
Gains pulled out a pocket knife with
a long blade and plunged it into

Cook's back and shoulder. The
wounds will probably result fatally.

At Mercer, Pa., the coroner's in-
quest was held in the death of W. H.
Cochran, the Mercer attorney who
died suddenly in the Hotel Waverly
Thursday evening. The verdict was
death by drinking poisoned liquor.

The dead body of Teresa Hirsch,
aged 60, a widow living southeast of
Erie, Pa., was found in an abandoned
well at her home.

Parkersburg, W. Va., is to have a
new industry in the shape of a shirt
factory, which moved there from Sar-
dis, O. It will employ between 60 and
100 men.

A deal was closed by which the
Hartman Steel company, of New Cas-
tle, Pa., purchased the Cuyahoga Wire
company, of Cuyahoga Falls. The
price paid was \$500,000.

Dr. J. T. Rotherock, commissioner of
forestry, has closed the purchase of
the Mount Alto and Caledonia tracts
of mountain land near Chambersburg,
Pa., which include 44,000 acres. The
property will hereafter be held by the
state as a forest preserve.

FOR RELEASE OF MISS STONE.

It Was Understood that Negotiations
Were Progressing Satis-
factorily.

Constantinople, Oct. 31.—The nego-
tiations for the ransom of Miss Ellen
M. Stone, the abducted American mis-
sionary, are progressing satisfactorily.
It is understood, but, beyond this,
those having them in hand maintain
absolute secrecy, as they are con-
vinced that publicity would be detri-
mental to Miss Stone's interests and
safety.

STRONG EVIDENCE CLAIMED.

Police Say They Can Convict Woman
of Murders.

Barnstable, Mass., Oct. 31.—Miss
Jane Toppin, who was arrested at
Amherst, N. H., on suspicion of being
connected with the alleged murder of
Mrs. Mary Gibbs, of Cataumet, was
brought here.

Mrs. Gibbs' husband, Captain Irving
F. Gibbs, who is captain of the
coasting schooner Golden Ball, was
away on that vessel at the time of his
wife's death. On learning of it at a
coast point he immediately returned
home, and although there had been up
to that time no suspicion of foul play,
Captain Gibbs believed that there
should be an investigation and placed
the matter in the hands of District
Attorney Holmes. The bodies of Mrs.
Gordon and Mrs. Gibbs were exhumed
and the stomachs were sent to Prof.
Wood, of Harvard university, and as
a result of his examination Miss Top-
pin was arrested on suspicion of hav-
ing poisoned the four members of the
Gibbs family.

The police assert that they have
sufficient evidence to convict Miss
Toppin, although they will not dis-
close any of it.

COL. BYNG SURPRISED BOERS.

Captured 22 Prisoners, Including Two
Field Cornets.

London, Oct. 31.—Lord Kitchener,
in a dispatch from Pretoria, dated
Tuesday, Oct. 29, says Colonel Byng
surprised a Boer commando Oct. 25
and captured 22 prisoners, including
Field Cornets Spanneberg and Onis
thuisen.

Colonel Fortescue, the dispatch
adds, had a day-long running fight
with Muller's Boer commando, Oct.
27, northward of Balmoral. He killed
four Boers and captured 54 prisoners,
26 wagons and much stock.

A MCKINLEY CHURCH,

In Buffalo, Planned by Bishop
Fowler and Rev. J. A.
Copeland.

THE LATTER SOLICITING AID.

Asks G. A. R. Men of Cleveland to
Contribute—Old Soldiers of Large
Cities to Be Asked to Contribute
Memorial Windows.

Cleveland, O., Oct. 31.—Rev. John
A. Copeland, of Rochester, N. Y., is in
Cleveland, soliciting aid of the Grand
Army veterans of this city in estab-
lishing a memorial church in Buffalo.
Rev. Copeland is a member of the
staff of General Orr, department com-
mander of New York, and is called
"The Army Evangelist."

He is said to be working with
Bishop Fowler, of Buffalo, to buy the
Linwood avenue Methodist Episcopal
church, of Buffalo, and erect on the
lot at the corner of Linwood avenue
and Utica street a church to be mod-
eled after the style of Music hall,
which will be known as the McKinley
Memorial Methodist church. Clev-
eland veterans will be asked to con-
tribute memorial windows, and other
large cities will be asked to make
contributions of a like nature.

MISS GOULD HAS ACCEPTED.

Said She Would Do All She Could
to Help Build McKinley
Arch.

New York, Oct. 31.—Miss Helen M.
Gould announced last night that she
had accepted the position as vice pres-
ident of the McKinley Arch Memorial
association.

"I shall," said Miss Gould, "gladly
serve on the committee and accept
the office and do all I can to help
build the monument to the memory
of the late President McKinley. It
is a worthy undertaking, and I am
heartily in favor of it."

Miss Gould also said that she had
accepted the invitation to be a mem-
ber of the board of women managers
of the Louisiana purchase exposition
of 1903.

SUCCESSOR TO MARTINELLI.

Falconio to Be Appointed—Former
to Continue in Washington
For a Time.

London, Oct. 31.—"The papal con-
sistory that was to have been held in
November has been postponed to
next spring," says the Rome corre-
spondent of The Daily Chronicle. "Con-
sequently Cardinal Martinelli will
continue to reside in Washington for
a time. It is officially announced that
the Most Reverend Diomed Falconio,
apostolic delegate to the Dominion of
Canada, will succeed Cardinal Mar-
tinelli."

Washington, Oct. 31.—Unofficial
advice just received from Rome con-
firm the understanding that no papal
consistory at Rome will be held be-
fore next February. In view of this
fact Cardinal Martinelli, the papal ab-
legate, will leave this country just
before the consistory, which, in con-
nection with its other work, will con-
fer the red hat upon him. While there
may be some additions to the roll of
cardinals it is certain that none of
these will be from the United States.
There is no indication yet as to who
will be Cardinal Martinelli's suc-
cessor. Even the gossip at Rome that
Mgr. Falconio, now nuncio at Ottawa,
would be chosen, has, at least for the
present, subsided.

anything. Bishop John F. Hurst, of
Washington, is not well enough to

Bowman, of Orange, N. J., retired,
sent a letter that he was unable to get
here.

of Cornwall and York, was sighted at
10 o'clock a. m. today six miles off the

reported the Ophir 50 miles from
Scilly islands.

Decided Not to Strike.

Fall River, Mass., Oct. 31.—At a

Contents of Suppressed Report.

The suppressed preliminary report
made by Admiral Schley is dated off
Santiago, July 3, and is addressed to
Admiral Sampson, the commander-in-
chief of the North Atlantic station.
The report in substance describes the
coming out of the Spanish fleet from
the harbor of Santiago, and calls at-
tention to the fact that signals were
made to the vessels of the American
fleet, which were obeyed by all the
ships. It then proceeds to describe
the fight and gives briefly the part
played in it by each one of the ships,
showing that the Brooklyn, the Ore-
gon, the Texas and the Iowa remained
in action until the Viscaya went
ashore, and that the Colon surren-
dered to the Brooklyn and the Oregon.
The admiral commends the bravery of
all the American officers and crews
engaged in the fight and recommends
the commanding officers for gallant
and meritorious conduct and for the
superb handling of their ships. Then
follows some routine matter, giving
Spanish losses, the injuries to the
American fleet and the casualties. It
then asks that Admiral Sampson have
the commanding officers transmit to

HOW A PUBLIC MAN SHOULD SELECT A WIFE

By Senator
CHAUNCEY
M. DEPEW,
Who is Soon to
Wed....

[Not long ago, but before his engagement to Miss Palmer was announced, the senator, after de-
clining that he was to marry a certain widow, explained what qualifications he would desire in the
woman he would make his wife.]

WHEN IT COMES TO SELECTING A WIFE,
IT IS DIFFERENT FROM PICKING A
WINNER AT A HORSE RACE. THERE
IS NO FORM BOOK TO STUDY. YOU
HAVE TO GO INTO THE Paddock
AND LOOK THEM OVER. But, seriously,
in this case, being a public man, she would have
first to be handsome. Then she would have to be
attractive, for she would have to represent me at
the head of my table.

I WOULD ALSO WANT HER TO BE A WOMAN
WHO COULD WIN THE MEN I COULD NOT REACH.
MRS. LOGAN WAS SUCH A WOMAN. SHE DID
MUCH TO MAKE JOHN A. LOGAN.

Besides this, I should like to have her be fond of dressing gown
and slippers and spend her evenings at home. AS TO HER AGE,
SHE CAN BE ANYWHERE FROM TWENTY-FIVE TO
SEVENTY-FIVE. You see, I am liberal as to age. Youth is not
always the most necessary requisite in a bride. Matrimony is largely
a matter of propinquity. A man sees a woman and says he could be
happy if he had her. If he gets her, he usually is.

Marrying just to be marrying is a poor business. What one mar-
ries for is to be a companion. Companionship—that is
the highest ideal in married life. Two people, to be thoroughly
happy, should be so situated that in tastes, cultivation, opportunities,
no friction could ever occur on that score. Beyond that, they should
be willing to make allowance for the social and public side of life, in
which their tastes may be dissimilar.

The real business of married life comes in when the doors are
shut on the world and the blinds pulled down, and then if there is any
happiness there must be that comradeship between husband and wife
that makes it so the man can tell the woman all his hopes and fears
and plans and ambitions and hates and loves and antagonisms. He
must be able to discuss with her his schemes, if he is a business man;
his book, if he be a writer; his plan of campaign, if he be a politician.
In a word, he must be able to express to his wife all the little weak-
nesses that he would not be willing to show anybody else on earth.

BUT COMPANIONSHIP—THAT EXPRESSES THE WHOLE SECRET
OF MARRIED HAPPINESS IN A NUTSHELL.

him (Admiral Schley) their detailed
accounts of the action in order that
he might write a full and complete
official report of the battle.

GEN. WHITE DISMAYED.

Buller Attacked Colenso Two Days
Before Agreed Time.

London, Oct. 31.—The National Re-
view gives the essential terms of the
"Spatch-Cocked" dispatch of Sir Red-
vers Buller to General Sir George
White, at Ladysmith, which Buller
had challenged him to do, saying he
would then publish a copy of the
original. According to this authority
the message ran as follows:
"I have been repulsed. You will
burn your ciphers and destroy all
your ammunition. You will then make
the best terms you can with the
Boers after I have fortified myself on
the Tugela."
The editor of The National Review
now explains that he got the dispatch
from a civilian, who was in Ladysmith
at the time and who said there was
nothing secret about it.
The same informant, giving an al-
leged explanation of the fact that
there was no co-operation between
General Buller and General White
during the battle of Colenso, says Gen-
eral White was informed that the at-
tack was fixed for Dec. 17, but General
Buller commenced the attack on Dec.
15, to the dismay of General White,
who had not completed his prepara-
tions.

SOME NEWS IN BRIEF.

At Parkersburg, W. Va., there has
been several attempts at passing
counterfeit money at various places
throughout the city. A young woman
went to the Baltimore and Ohio ticket
office and purchased a ticket for a
point up the river. The agent discov-
ered that the bill she presented was
counterfeit and would not take it. An
officer was called, but the woman suc-
ceeded in making her escape.
At New Martinsville, W. Va., J. W.
Stanton and John Thomas were ar-
rested on a telegram from Marshal
Wilkins, of Cambridge, O. They are
alleged to be a pair of clever lightning
rod swindlers. It is alleged that they
have been operating with considerable
success in Belmont county, O. The
favorite scheme was raising notes
given by farmers. The accused were
traced to New Martinsville by Mar-
shal Wilkins.

Ellis Glenn's case will probably
get into the supreme court of the
United States. The state claims the
federal court at Parkersburg, W. Va.,
acted beyond its authority in releas-
ing Miss Glenn from custody and
from further trial. The governor
holds that it was an infringement on
state's rights to release her.

At Dunbar, Pa., the racket store of
E. Zackhouser was robbed. The
burglars gained an entrance by pry-
ing open the front door. They carried
away over \$100 worth of jewelry and
merchandise. This was the third big
robbery within two weeks.

At Parkersburg, W. Va., A. T. Bar-
rett, who was recently tried in the
criminal court on the charge of forg-
ing his father's and brother-in-law's
names to paper to the extent of sev-
eral thousand dollars, and found not
guilty on the count, will be tried again
today on another indictment. There
are seven more indictments hanging
over his head.

At Salem, W. Va., Arthur Gains,
aged 16 years, attempted to force his
way into a speakeasy in which Joseph
Cook was bartender. Cook met him
at the door and grappled with him.
Gains pulled out a pocket knife with
a long blade and plunged it into

Cook's back and shoulder. The
wounds will probably result fatally.
At Mercer, Pa., the coroner's in-
quest was held in the death of W. H.
Cochran, the Mercer attorney who
died suddenly in the Hotel Waverly
Thursday evening. The verdict was
death by drinking poisoned liquor.

The dead body of Teresa Hirsch,
aged 60, a widow living southeast of
Erie, Pa., was found in an abandoned
well at her home.

Parkersburg, W. Va., is to have a
new industry in the shape of a shirt
factory, which moved there from Sar-
dis, O. It will employ between 60 and
100 men.

A deal was closed by which the
Hartman Steel company, of New Cas-
tle, Pa., purchased the Cuyahoga Wire
company, of Cuyahoga Falls. The
price paid was \$500,000.

Dr. J. T. Rotherock, commissioner of
forestry, has closed the purchase of
the Mount Alto and Caledonia tracts
of mountain land near Chambersburg,
Pa., which include 44,000 acres. The
property will hereafter be held by the
state as a forest preserve.

FOR RELEASE OF MISS STONE.

It Was Understood that Negotiations
Were Progressing Satis-
factorily.

Constantinople, Oct. 31.—The nego-
tiations for the ransom of Miss Ellen
M. Stone, the abducted American mis-
sionary, are progressing satisfactorily.
It is understood, but beyond this,
those having them in hand maintain
absolute secrecy, as they are con-
vinced that publicity would be detri-
mental to Miss Stone's interests and
safety.

STRONG EVIDENCE CLAIMED.

Police Say They Can Convict Woman
of Murders.

Barnstable, Mass., Oct. 31.—Miss
Jane Toppan, who was arrested at
Amherst, N. H., on suspicion of being
connected with the alleged murder of
Mrs. Mary Gibbs, of Cataumet, was
brought here.

Mrs. Gibbs' husband, Captain Irving
F. Gibbs, who is captain of the
coasting schooner Golden Ball, was
away on that vessel at the time of his
wife's death. On learning of it at a
coast point he immediately returned
home, and although there had been up
to that time no suspicion of foul play,
Captain Gibbs believed that there
should be an investigation and placed
the matter in the hands of District
Attorney Holmes. The bodies of Mrs.
Gordon and Mrs. Gibbs were exhumed
and the stomachs were sent to Prof.
Wood, of Harvard university, and as
a result of his examination Miss Top-
pan was arrested on suspicion of hav-
ing poisoned the four members of the
Gibbs family.

The police assert that they have
sufficient evidence to convict Miss
Toppan, although they will not dis-
close any of it.

COL. BYNG SURPRISED BOERS.

Captured 22 Prisoners, Including Two
Field Cornets.

London, Oct. 31.—Lord Kitchener,
in a dispatch from Pretoria, dated
Tuesday, Oct. 29, says Colonel Byng
surprised a Boer commando Oct. 25
and captured 22 prisoners, including
Field Cornets Spanneberg and Onis-
thuisen.

Colonel Fortescue, the dispatch
adds, had a day-long running fight
with Muller's Boer commando, Oct.
27, northward of Balmoral. He killed
four Boers and captured 54 prisoners,
36 wagons and much stock.

A MCKINLEY CHURCH,

In Buffalo, Planned by Bishop
Fowler and Rev. J. A.
Copeland.

THE LATTER SOLICITING AID.

Asks G. A. R. Men of Cleveland to
Contribute—Old Soldiers of Large
Cities to Be Asked to Contribute
Memorial Windows.

Cleveland, O., Oct. 31.—Rev. John
A. Copeland, of Rochester, N. Y., is in
Cleveland, soliciting aid of the Grand
Army veterans of this city in estab-
lishing a memorial church in Buffalo.
Rev. Copeland is a member of the
staff of General Orr, department com-
mander of New York, and is called
"The Army Evangelist."

He is said to be working with
Bishop Fowler, of Buffalo, to buy the
Linwood avenue Methodist Episcopal
church, of Buffalo, and erect on the
lot at the corner of Linwood avenue
and Utica street a church to be mod-
eled after the style of Music hall,
which will be known as the McKinley
Memorial Methodist church. Clevel-
and veterans will be asked to con-
tribute memorial windows, and other
large cities will be asked to make
contributions of a like nature.

MISS GOULD HAS ACCEPTED.

Said She Would Do All She Could
to Help Build McKinley
Arch.

New York, Oct. 31.—Miss Helen M.
Gould announced last night that she
had accepted the position as vice pre-
sident of the McKinley Arch Memorial
association.

"I shall," said Miss Gould, "gladly
serve on the committee and accept
the office and do all I can to help
build the monument to the memory
of the late President McKinley. It
is a worthy undertaking, and I am
heartily in favor of it."

Miss Gould also said that she had
accepted the invitation to be a mem-
ber of the board of women managers
of the Louisiana purchase exposition
of 1903.

SUCCESSOR TO MARTINELLI.

Falconio to Be Appointed—Former
to Continue in Washington
For a Time.

London, Oct. 31.—"The papal con-
sistory that was to have been held in
November has been postponed to
next spring," says the Rome corre-
spondent of The Daily Chronicle. "Con-
sequently Cardinal Martinelli will
continue to reside in Washington for
a time. It is officially announced that
the Most Reverend Diomed Falconio,
apostolic delegate to the Dominion of
Canada, will succeed Cardinal Mar-
tinelli."

Washington, Oct. 31.—Unofficial
advice just received from Rome con-
firm the understanding that no papal
consistory at Rome will be held be-
fore next February. In view of this
fact Cardinal Martinelli, the papal ab-
legate, will leave this country just
before the consistory, which, in con-
nection with its other work, will con-
fer the red hat upon him. While there
may be some additions to the roll of
cardinals it is certain that none of
these will be from the United States.

There is no indication yet as to who
will be Cardinal Martinelli's suc-
cessor. Even the gossip at Rome that
Mgr. Falconio, now nuncio at Ottawa,
would be chosen, has, at least for the
present, subsided.

SNOW FELL AT EL PASO.

Heavy Rains Followed—The Weather
Has Become Much
Colder.

El Paso, Tex., Oct. 31.—Snow fell
for over an hour in El Paso and vi-
cinity, and was followed by heavy
rains.

It is the earliest snow storm on re-
cord here. The weather has become
much colder.

HURST AND BOWMAN NOT AT BISHOPS' CONFERENCE.

Cincinnati, Oct. 31.—At the morn-
ing session of the M. E. bishops yester-
day Bishop Walden presided and
Bishop Mallalieu in the afternoon.
The day was devoted to a general
conference, without final action on
anything. Bishop John F. Hurst, of
Washington, is not well enough to
attend the session. Bishop Thomas
Bowman, of Orange, N. J., retired,
sent a letter that he was unable to get
here.

DUKE AND DUCHESS NEAR HOME.

Squadron Escorting Ophir Sighted Off
the Lizard.

London, Oct. 31.—The British
squadron escorting the royal yacht
Ophir, bearing the Duke and Duchess
of Cornwall and York, was sighted at
10 o'clock a. m. today six miles off
the Lizard.

A wireless message had previously
reported the Ophir 50 miles from
Selly Islands.

International Y. M. C. A. Meeting.

Cleveland, Oct. 31.—The sixteenth
biennial conference of the Interna-
tional Women's and Young Women's
Christian associations began here in
the Euclid Avenue Presbyterian
church and will continue daily until
Nov. 6.

Decided Not to Strike.

Fall River, Mass., Oct. 31.—At a
mass meeting of the mill operatives
here two of the five unions—the spin-
ners and loom fixers—voted against
a strike Monday next, and as a result
of this vote there will be no strike.

The question of bringing the city of
 East Liverpool under the registration
 laws will doubtless confront the com-
 ing legislature. We trust that action
 will be taken which will bring not
 only this city, but other municipali-
 ties of equal or less population into
 the class where registration is re-
 quired. Registration is conceded to
 be a good thing in the large cities, less-
 ening the chances of fraud and the
 temptation to vote illegally. What is
 good for a large city ought to be good
 for a small one. The time has long
 since passed when every citizen in
 every Ohio city or town is known to
 every other citizen. You may have
 the most vigilant and honest of elec-
 tion officers and still they cannot be
 expected to know whether all those
 who present themselves at the polls
 are entitled to vote. A proper sys-
 tem of registration provides numer-
 ous safeguards which are both neces-
 sary and just. The legislative mem-
 bers from this district will, we feel
 assured, vote and work for registra-
 tion for East Liverpool and cities of
 its class if the citizens make it plain
 that such a system is wanted. Now
 is a good time to agitate the ques-
 tion and create public sentiment in
 favor of wise and beneficial legisla-
 tion.

Whether free rural mail delivery
 can be made to pay the cost of main-
 tenance or not its success as a prac-
 tical extension of the postal service
 has been demonstrated beyond all
 controversy. There is no longer any
 question about its value to rural com-
 munities or its acceptance by them as
 a welcome institution for bringing
 them in closer touch with the centers
 of industrial and education interest.
 November 1 there will be 6,000 routes
 in operation, and the system is only
 in its infancy. It is helping to solve
 the question of keeping the boys on
 the farm. Agricultural life is not a
 dreary one when the farmer is in as
 close communication with the great
 world, by mail and telephone, as his
 city neighbors. The rural delivery ex-
 periment will yield grand returns, and
 even if it fails to pay for itself finan-
 cially, that is a showing no worse
 than that made by the postal system
 in general.

Sir Thomas Lipton is at the head of
 a company which proposes a vast far-
 ming enterprise, including the pur-
 chase of 100,000 acres of land in
 Georgia. To ship the products, a
 steamship line to Europe is contempla-
 ted. Sir Thomas will do more good
 and reap greater profit by devoting
 himself to this branch of boat-build-
 ing than by the construction of more
 yachts.

Prominent United States senators,
 among them Lodge, of Massachusetts,
 one of the ablest statesmen in the

upper house, declare that Foraker is
 needed in the United States senate
 and that his defeat would be a serious
 blow to the Republican party and to
 the country. He will not be defeated,
 but Republicans should exert them-
 selves to make this assurance doubly
 sure by electing a legislature that will
 be overwhelmingly in favor of his re-
 turn to Washington. This is not a
 time for scratching. The legislative
 ticket is of first importance.

There is a scarcity of skilled labor
 and a scarcity of common labor. The
 same report comes from every indus-
 trial center. Even the farmers find it
 difficult to find the men they need.
 No such complaint was every heard
 in Democratic times, but nobody
 mourns for the days that are gone.

No extraordinary amount of Demo-
 cratic enthusiasm was apparent at the
 campaign meeting in this city. Local
 Democrats have no prospects to be en-
 thusiastic over, and under such con-
 ditions whistling to keep up courage
 is a perfunctory and unsatisfactory sort
 of task.

More Siberian reindeer are to be in-
 troduced in Alaska. Experience with
 these animals promises well for the
 solution of the transportation prob-
 lem in that region. The animals are
 as useful to man as cows and oxen
 and stand the cold climate much bet-
 ter.

London anarchists have been cheer-
 ing the memory of Czolgosz. It won't
 be safe for any of their brethren in
 this country to follow the example.

The Hallowe'en antics of the aver-

Tom Johnson would equalize values
 by making them higher. No wonder
 taxpayers are not falling over each
 other to get on his platform.

Some of the boys call it "Holler

It is the duty of every citizen to
 vote. Don't shirk duty.

The Republican ticket needs no de-
 fense.

AT THE THEATER

With its distinct air of originality,
 magnificent scenic environment and
 presented by a good company, "The
 King of the Opium Ring" will undoubt-
 edly meet with the same phenomenal
 success at the Grand Friday night, that
 attended its presentation here last sea-
 son. The play, based as it is on life
 in the real Chinatown of the country,
 and the way one thrill follows another,
 is enough to satisfy all who crave for
 sensations. There is so many thrills
 that it necessitates the work of at
 least four heroes to meet the emer-
 gencies and foil the machinations of
 the villains, who attempt to make
 away with an American girl through
 the medium of opium.

Lincoln J. Carter's new romantic
 drama, "The Flaming Arrow" with Go
 Won Go Mohawk, the only Indian ac-
 tress in the world in the title role, will
 be the attraction at the Grand Satur-
 day night. Mr. Carter has spared no
 expense in providing his attraction
 with a lavish amount of scenery. The
 settings are taken from actual scenes
 in the far west, and are marvels of
 beauty and accurateness. To add to
 the realism a band of real Indians are
 carried, also horses and donkeys. The
 cast is in the hands of good reputable
 dramatic artists and nothing has been
 overlooked to make this the best at-
 traction that Mr. Carter has ever placed
 on the road.

Mr. A. G. Delamater, who was last
 season engaged as press representative
 of Whitney & Knowles' original New
 York production of "Quo Vadis," will
 this year direct the tour of Amy Lee,
 who will appear in a repertoire of suc-
 cessful plays. Miss Lee and her com-
 pany of metropolitan players will be-
 gin a week's engagement at the Grand
 Opera House Monday night next in E.
 J. Swartz's new dramatic comedy,
 "Miss Harum Scaram." Handsome
 special scenery has been painted es-
 pecially for the present production by
 Frank Plantner, the well known New
 York artist, of the academy of music.

The Chicago opera company plays
 "The Music Hater" at the Grand to-
 night. The press, everywhere that
 this company has appeared, is lavish
 in praise of the performance. The
 members of the company are said to
 be singers of first rate ability, the cos-
 tumes and scenery rich and appropri-
 ate, and the opera tuneful and well
 presented. The soloists in particular
 are described as artists in their line.
 A large audience is looked for.

FRENCH SHIPS AND TROOPS FOR LEVANT.

**Unless All Demands Are Accorded To
 by Turkey, a Custom House
 Will Be Seized.**

Paris, Oct. 31.—The entire French
 Mediterranean squadron left yester-
 day afternoon, says the Toulon cor-
 respondent of The Figaro. While one
 division put in at Salins-D'Hyeres an-
 other composed of three battleships
 and two cruisers under the command
 of Admiral Caillard proceeded to the
 Levant.

Two thousand troops will be added
 to this force. Admiral Caillard's or-
 ders are that, if complete satisfaction
 is not immediately given by the Ot-
 toman government to all the claims of
 France, he shall seize the custom
 house of the port nearest his squad-
 ron.

Several morning papers confirm the
 Figaro's Toulon advices. Rumors to
 the same effect were current in Paris
 late last evening, but the foreign of-
 fice professed to know nothing about
 the matter.

More Glass Plants to Resume.
 Indianapolis, Oct. 31.—There will be
 a general resumption of work among
 the window glass factories of Indiana
 Friday, when the plants of the Ameri-

 be started. The co-operatives and
 most of the outside independent fac-
 tories have been running for the last

 will be able to operate their factories
 at full capacity, owing to the scarcity
 of skilled laborers.

FOR STATE OFFICERS:
Governor—GEORGE K. NASH.
Lieutenant Governor—CARL NIPPET.

ERSON.

The question of bringing the city of
East Liverpool under the registration
laws will doubtless confront the com-
ing legislature. We trust that action
will be taken which will bring not
only this city, but other municipali-
ties of equal or less population into
the class where registration is re-
quired. Registration is conceded to
be a good thing in the large cities, less-
ening the chances of fraud and the
temptation to vote illegally. What is
good for a large city ought to be good
for a small one. The time has long
since passed when every citizen in
every Ohio city or town is known to
every other citizen. You may have
the most vigilant and honest of elec-
tion officers and still they cannot be
expected to know whether all those
who present themselves at the polls
are entitled to vote. A proper sys-
tem of registration provides numer-
ous safeguards which are both neces-
sary and just. The legislative mem-
bers from this district will, we feel
assured, vote and work for registra-
tion for East Liverpool and cities of
its class if the citizens make it plain
that such a system is wanted. Now
is a good time to agitate the ques-
tion and create public sentiment in
favor of wise and beneficial legisla-
tion.

Whether free rural mail delivery
can be made to pay the cost of main-
tenance or not its success as a prac-
tical extension of the postal service
has been demonstrated beyond all
controversy. There is no longer any
question about its value to rural com-
munities or its acceptance by them as
a welcome institution for bringing
them in closer touch with the centers
of industrial and education interest.
November 1 there will be 6,000 routes
in operation, and the system is only
in its infancy. It is helping to solve
the question of keeping the boys on
the farm. Agricultural life is not a
dreary one when the farmer is in as
close communication with the great
world, by mail and telephone, as his
city neighbors. The rural delivery ex-
periment will yield grand returns, and
even if it fails to pay for itself finan-
cially, that is a showing no worse
than that made by the postal system
in general.

Sir Thomas Lipton is at the head of
a company which proposes a vast far-
ming enterprise, including the pur-
chase of 100,000 acres of land in
Georgia. To ship the products, a
steamship line to Europe is contempla-
ted. Sir Thomas will do more good
and reap greater profit by devoting
himself to this branch of boat-build-
ing than by the construction of more
yachts.

Prominent United States senators,
among them Lodge, of Massachusetts,
one of the ablest statesmen in the

upper house, declare that Foraker is
needed in the United States senate
and that his defeat would be a serious
blow to the Republican party and to
the country. He will not be defeated,
but Republicans should exert them-
selves to make this assurance doubly
sure by electing a legislature that will
be overwhelmingly in favor of his re-
turn to Washington. This is not a
time for scratching. The legislative
ticket is of first importance.

There is a scarcity of skilled labor
and a scarcity of common labor. The
same report comes from every indus-
trial center. Even the farmers find
it difficult to find the men they need.
No such complaint was every heard
in Democratic times, but nobody
mourns for the days that are gone.

No extraordinary amount of Demo-
cratic enthusiasm was apparent at the
campaign meeting in this city. Local
Democrats have no prospects to be en-
thusiastic over, and under such con-
ditions whistling to keep up courage
is a perfunctory and unsatisfactory sort
of task.

More Siberian reindeer are to be in-
troduced in Alaska. Experience with
these animals promises well for the
solution of the transportation prob-
lem in that region. The animals are
as useful to man as cows and oxen
and stand the cold climate much bet-
ter.

London anarchists have been cheer-
ing the memory of Czoizkosz. It won't
be safe for any of their brethren in
this country to follow the example.

The Hallow'en antics of the aver-
age small boy are not calculated to
impress one that all the saints are in-
fluencing him. Quite the contrary.

Tom Johnson would equalize values
by making them higher. No wonder
taxpayers are not falling over each
other to get on his platform.

Some of the boys call it "Holler
Eve." That describes it.

It is the duty of every citizen to
vote. Don't shirk duty.

The Republican ticket needs no de-
fense.

AT THE THEATER

With its distinct air of originality,
magnificent scenic environment and
presented by a good company, "The
King of the Opium Ring" will undoubt-
edly meet with the same phenomenal
success at the Grand Friday night, that
attended its presentation here last sea-
son. The play, based as it is on life
in the real Chinatown of the country,
and the way one thrill follows another,
is enough to satisfy all who crave for
sensations. There is so many thrills
that it necessitates the work of at
least four heroes to meet the emer-
gencies and foil the machinations of
the villains, who attempt to make
away with an American girl through
the medium of opium.

Lincoln J. Carter's new romantic
drama, "The Flaming Arrow" with Go
Won Go Mohawk, the only Indian ac-
tress in the world in the title role,
will be the attraction at the Grand Sat-
urday night. Mr. Carter has spared no
expense in providing his attraction
with a lavish amount of scenery. The
settings are taken from actual scenes
in the far west, and are marvels of
beauty and accurateness. To add to
the realism a band of real Indians are
carried, also horses and donkeys. The
cast is in the hands of good reputable
dramatic artists and nothing has been
overlooked to make this the best at-
traction that Mr. Carter has ever placed
on the road.

Mr. A. G. Delamater, who was last
season engaged as press representative
of Whitney & Knowles' original New
York production of "Quo Vadis," will
this year direct the tour of Amy Lee,
who will appear in a repertoire of suc-
cessful plays. Miss Lee and her com-
pany of metropolitan players will be-
gin a week's engagement at the Grand
Opera House Monday night next in E.
J. Swartz's new dramatic comedy,
"Miss Harum Scaram." Handsome
special scenery has been painted es-
pecially for the present production by
Frank Plantner, the well known New
York artist, of the academy of music.

No Pipes Smoked in Cuba.

Cuba produces no tobacco for chew-
ing or for pipe smoking. The Cubans
who smoke pipes might be counted on
the fingers without making a second
round of the fingers. The cigar and the
cigarette prevail. To what extent the
Cuban cigarette might ever become
popular with American smokers is a
matter beyond determination. It is cer-
tain that most Americans of prolonged
residence become, if they be smokers,
addicted to Cuban brands and find diffi-
culty in weaning themselves back to
American brands on their return.—Re-
view of Reviews.

QUESTION OF LEGALITY

RAISED REGARDING MARRIAGE IN WELLSVILLE.

License Procured in Steubenville.
'Squire Satisfied Marriage Was Legal.

Thomas Duke and Miss Stella M. Haight arrived in the city Tuesday evening from Jefferson county. Accompanied by six young men and women they wended their way to the office of 'Squire A. G. McKenzie, and with great bashfulness made known that they wished to be married. They were accommodated and sent on their way rejoicing.

A dispatch from Steubenville says: "Thomas Duke and Stella M. Haight and James McGurran and Florence Cox, who live somewhere in Columbiana county, and who came here and secured marriage licenses, will be surprised to learn that their recent marriages are regarded as illegal by Probate Judge Kerr, who so informed Justices A. G. McKenzie and W. P. Haney, of Wellsville.

"Neither justice, it is claimed, had jurisdiction to marry on a license granted in this county, which they did. The only way out of the awkward dilemma is for the couples to be remarried by someone empowered to do so in this county."

'Squire McKenzie, interviewed this morning, said he was perfectly satisfied in his own mind that the marriages were legal. He advised any one thinking differently to look up the revised statutes defining the powers and duties of justices of the peace.

A WOUNDED ARM

EXHIBITED BY ROBERT WILLIAMS, COLORED.

Says Five Shots Were Fired at Him
By Joe Martin, Now Missing.

A shooting affair which caused much excitement on Minerva street, East Liverpool, last Saturday night, may terminate in an unpleasant manner for the man who did the shooting. The man alleged to be connected with the affray are Joe Martin and Robert Williams, both men of color.

The men have been in the employ of Rinehart Bros., of East Liverpool, who are doing some street work in Wellsville. Williams, the man who received the bullet, came down to Wellsville yesterday, and in a conversation with Mr. Rinehart said that the scrap was the outcome of ugly words being used by both concerning a girl with whom they were both in love.

Williams displayed a bandaged arm, and said that one of the bullets fired by Martin had struck him, making a flesh wound, though not serious.

He said five shots were fired at him, and as the police were not aware that he had been struck, a more diligent hunt will be made for Martin, who fled immediately and has not as yet been heard from.

THE DEATH OF HATCH

Relative of the Man Made an Investigation at Wellsville.

It was learned last evening that the man who came down from Pittsburg and identified the body of W. C. Hatch, claiming that he was a brother-in-law of the deceased, is a resident of Knoxville, Pa., and that his name is F. H. McClaren. He and Hatch married sisters. While in the city he would disclose nothing to the reporters. He took charge of the remains and accompanied the body to Pittsburg on the afternoon train.

Having been informed that Hatch was in company with a man on the east bound train Monday night and that they were both drinking, McClaren became a little doubtful as to how Hatch met his death. He gathered all the testimony he could from persons who saw them and perhaps will further investigate the matter.

The police and railroad authorities are still of the opinion that the man met death by carelessly walking to and falling over the bank.

The man with whom he was seen got off the train at the lower depot, and if necessary could furnish evidence as to where he was during the night. He is well known both in Wellsville and East Liverpool and has a good reputation.

BIG REPUBLICAN RALLY

Will Be Addressed By Hon. George W. Prince Tomorrow Night.

The exact time when the Hon. Geo. W. Prince, of Illinois, will arrive in this city is not known, but the supposition is that he will get here Friday on the 3 p. m. train. The reception

committee will meet him at the train and escort him to the Metropole, where he will dine.

In the evening the committee will accompany him to the city hall in a carriage, when it is hoped a large crowd will be in waiting to receive him.

Unfortunately there will be several other attractions in the city on that evening—the show at the opera house and the social given by the carpenters' union.

These may lessen the crowd to some extent, but all who are desirous of hearing the state issues ably discussed will avail themselves of the opportunity presented and be present at the big meeting tomorrow night.

Bowling Match Tonight.

Tonight at Campbell's bowling alley on Main street five games will be bowled by Billy Myers' aggregation, of East Liverpool, and Mike Shingler's Local Stars, of Wellsville. All players in both teams are credited with high records and no doubt the match will be interesting from start to finish.

She Holds the Record.

Miss Anna Cummins holds the ladies' bowling record for high scores this week. Twenty-five of the young ladies met last evening and bowled a number of games. The score made by Miss Cummins was 106. Several made 100, and it is thought that 106 will surely be beaten next week.

Much Improved.

Dr. Robinson last evening received word from Cleveland that Miss Ina Minor, of Nevada street, who was operated on in a Cleveland hospital for appendicitis, is much improved.

MINOR NEWS OF WELLSVILLE.

Willet Ater was a business visitor to Pittsburg yesterday.

Master Tom Rodgers, son of Chief Train Dispatcher Rodgers, is ill, threatened with fever.

Mr. Verse Ross, of Malvern, O., has accepted a position as assistant bookkeeper at the steel mill. He commenced work last Monday.

Miss Nida Crossman is quite sick at her home on Nevada street.

Miss Zole Heakin, of Fifth street, entertained a number of her lady friends last evening. Amusing games and social chatting were indulged in until a late hour. A nice lunch was also served.

RESPONSIBILITY PLACED

WHERE IT BELONGS IN THE STRIKE CONTROVERSY.

Mayor Dennis, of Wellsville, Appointed Special Police—Sheriff Not Consulted.

Sheriff Noragon has been accused by some of the labor leaders of the county and the Democratic press of having appointed and armed deputies among the non-union men during the Wellsville sheet mill strike.

The changes have been rung on this falsehood and political capital is being manufactured by the enemy. The simple truth is that A. P. Dennis, the Democratic mayor of Wellsville, appointed a number of special policemen among the non-union workmen of the mill and empowered them with full authority to act as such. Dare Mr. Dennis deny the fact?

Sheriff Noragon had nothing at all to do with this act of the mayor and was not counseled with regard to it. The proof is convincing that the sheriff at no time had a special deputy on the scene and had no part in the action taken by the mayor. A spirit of fairness ought to be manifested in this matter by the bitterest opponent of the sheriff.

The responsibility for the conditions complained of in Wellsville in this regard should be placed where it belongs—on Mayor Dennis. 117-h

Nut Foods.

Nearly all nuts contain large percentages of nitrogenous constituents and fats. In the nut kernel there is very little waste—in fact, the nourishment is in a concentrated form, and for that reason nuts are best combined or taken with other foods. They are especially valued for their fine, meaty flavor, which is found in no other vegetable food product.

Turks and Coffee.

Coffee reached Constantinople about 1554 and was of universal use in Mohammedan countries before the close of the sixteenth century. So essential was it deemed to domestic happiness that a Turkish law recognized a man's refusal to supply his wife with coffee as sufficient ground for her claiming a divorce.

DIFFERENCES SETTLED

Dispute Over a Dog Led to a Somewhat Lively Encounter.

A lively scrap is said to have occurred in the east end of Chester this morning when William Farnum and W. J. Slack came together. Slack recently had a dog stolen from the car barn and Farnum had heard that Slack accused him of stealing the canine.

The differences, it is said, were settled in manly fashion in Farnum's favor.

J. B. Malone, who ran the Rock Springs park refreshment stand during the season just closed, is sick with typhoid fever at his home on Phoenix avenue.

His Prize.

An amusing story, which may perhaps be entirely true, is told of a short-sighted but energetic member of the Russian secret police.

He was walking through a little frequented street of St. Petersburg one night when he spied high up on a lamp-post a placard.

"Aha!" he said to himself, scenting mischief on the instant and alert for action. "That's one of those incendiary notices about his majesty the czar! It must come down at once!"

With some difficulty, being of a stout build, he succeeded in climbing the post and dislodging the placard. He bore it to the ground, and there, peering at it by the light of the lamp, he read two Russian words, the English equivalent for which is the well known legend "Wet Paint."—Youth's Companion.

A Wife's Allowance.

It is one of the most humiliating elements in woman's life in America today and one of the phases which is most uncomplimentarily reflective upon American husbands that a just allowance is withheld from many wives. No matter how small the allowance may be, so long as it is fair in proportion to the income earned, every wife should have a purse of her own, sacred to herself and her needs and free from the slightest intrusion on the part of her husband. Every wife is entitled to this, and no young man—I care not how small his income nor what his reasoning may be—starts married life aright who withholds that courtesy and that right from his wife.—Edward Bok in Ladies' Home Journal.

QUESTION OF LEGALITY

RAISED REGARDING MARRIAGE IN WELLSVILLE.

License Procured in Steubenville. 'Squire Satisfied Marriage Was Legal.

Thomas Duke and Miss Stella M. Haight arrived in the city Tuesday evening from Jefferson county. Accompanied by six young men and women they wended their way to the office of 'Squire A. G. McKenzie, and with great bashfulness made known that they wished to be married. They were accommodated and sent on their way rejoicing.

Defenbach Case Ends.

Chicago, Oct. 31.—Frank H. Smiley, who turned state's evidence in the Defenbach insurance conspiracy case, was given his liberty. He relinquished all right to the \$5,000 insurance on Marie Defenbach's life. This ends the criminal proceedings in the case, as Dr. August M. Unger is in the penitentiary and Wayland Brown was previously let off with a fine. The insurance money is still in the hands of the court, and probably, it is said, will go to the unfortunate girl's relatives.

CHAPTER XIV. THE BLIGHT OF WAR.

WITH the line of Federal occupation extending along the east bank of the Mississippi from New Orleans to Vicksburg and the Confederate army of the transmississippi department hovering about the western and northern borders of Louisiana, the people of Avoyelles were in a state of insolation which made life harder day by day and at times appeared to menace even the very possibilities of existence. Commercial navigation of the rivers, on which they depended for much of their supplies, was stopped. A number of the largest planters had taken refuge with their slaves and animals in Texas and the Indian Territory. The scarcity of all staples of food and clothing increasing from month to month, labor was but poorly sustained and diminished crops were cultivated under formidable and multiplying difficulties. Medicines were a desideratum sorely needed. Privations and suffering were present actualities. Selfishness grew apace, community interests waned, social phases disappeared, and indifference to neighborhood concerns prevailed. And thus it was that, though a numerous cortege attended the obsequies of Mother Deshautes, the doctor, who was found dead in her throne-like chair, with Egyptian cotton in her hands and an unfinished fillet in her lap, yet when Laure accepted the protection of Quillebert and became his housekeeper, an event which in normal times would have set the entire parish by the ears, the spirit of gossip and censure materialized now in mere shruggings of shoulders and shakings of heads. On returning to the cottage after the funeral Quillebert had said to her:

"You cannot live here alone. Your father and I were friends. I am older than he would be if alive. Do not mind what these dolts about here may say. Look to your own interests. Come to my house. When this war is ended and I have finished the harvest it yields to me, I may go back to France to end my days. Perhaps we may then marry."

And Laure had replied:

"No; we will not marry then or ever, but I will go and keep your house. I have no kin here. It is nothing to me what the neighbors say. I can truly speak worse of them than they of me, and they know it. I am not beholden to any one and will make my way according to my own notions, not those of others."

In the autumn of 1862 news percolated into Marksville and thence spread rapidly that a terrible battle had been fought near Perryville, in Kentucky, between divisions of the armies commanded by General Buell on the Union side and General Bragg on the Confederate and that Judge Tailleure and Horace Oakfell had been slain and left on the bloody field, by their retreating comrades. For many months the report could not be verified or tested, communication with the army of the southwest being cut off by the Federal lines east of the Mississippi, but general credence was given to it. An added gloom settled upon the people.

Father Gribe strove in vain to prevent these tidings from reaching Estelle. She staggered as if under a bludgeon's blow, but tears came not to her relief. Odette knelt beside her and repeated like a devotee telling beads: "There is no proof Mr. Horace is dead. Then, mistress, do not believe it." And by dint of her strange persistency she lodged a doubt in Estelle's mind, which brought her the consolation of a frail hope.

Quillebert gave the intelligence to Laure with a chuckle and observed:

"The obliging Yankee took the job

off my hands so far as Oakfell was concerned."

"I suppose," Laure commented, "Evariste will now think he can persuade Estelle Latolais to marry him and will speed his steps accordingly."

"I hope so," said Quillebert, still pleased. "It would be a fit punishment for her, and my vengeance would be satisfied."

"He shall not marry her," Laure exclaimed hotly.

"And you shall not marry him," retorted Quillebert in sudden rage.

"Let him say that, not you. My grandmother never used 'shall' or 'shall not' to me. Then do not waste your energy in laying commands upon me. You cannot steal my liberty as you did the negro jockey's."

Laure's defiance was pronounced with such fire, contempt and insinuated threat that Quillebert quailed beneath her flashing eyes, and, swallowing the coarse retort that rose to his lips, he whistled a prolonged note of mock surprise and walked to the room where his treasure of brandy was stored. But he stiffly resolved that Evariste should wed Estelle and in that connection took from his strong box a bundle of papers bearing the signature of Leonidas Latolais. Selecting two, he read them carefully and tied them in a separate parcel, which he laid away by itself.

To the curious Evariste's grief was evidenced by his self seclusion. For the space of a week he was not seen at the Latolais home, Quillebert's place or Dede's cabaret. He lumined himself behind locked doors at "L'Esperance," and Mrs. Wyley saw him only at meals. She, good soul, was overwhelmed by sorrow. She could not trust herself to mention the dreadful rumor to Evariste, even to question its verity. But he, when alone, passed his time otherwise than in mourning. It was a busy week with him. He counted and recounted the money he had hoarded since his brother's departure, calculated over and over his gains from the contraband ventures exploited with Quillebert, scanned repeatedly the written obligations of old man Latolais which he had purchased from the Frenchman; but, though the effort involved the full measure of his strength, he refrained from opening the sealed envelope which Horace had delivered into his hand before marching to the dangers of battle. He contented himself for the present with the belief that it contained a disposition in his favor of all the Oakfell estate. The thoughts, schemes and resolves which occupied him during those seven days were such as consume or sear the soul, and he came forth with hardened countenance, compressed lips, cruel eyes and contracted brows.

His first call was on Estelle, whose pale face and stricken look stirred his secret resentment. She greeted him sadly and, almost weeping, said:

"Tell me, my friend, that you do not believe this awful news about your brother; that you have good reason to disbelieve it."

"Alas, mademoiselle," he replied, affecting a distress he did not feel, "I have no more reason for belief than the existence of the rumor and none for disbelief other than the absence of official or authoritative corroboration. I can only hope that Horace still lives."

"God grant he lives! God grant he lives!" she murmured, sinking into a chair.

"Amen to that," said Evariste solemnly. "But should the all-wise God have decreed differently, I pray you, mademoiselle, to feel assured that you have in me a friend and protector as devoted and as brave as he, though not as gifted."

"Yes, yes," she seemed to be speaking to herself without looking at her visitor. "He said so and bade me trust his brother. But God grant he lives! God grant he lives!"

"Estelle, am I never to be regarded by you save as the suggestion of another man? Can you not see?" Her surprised and pained glance apprised him that he was betraying anger, and he checked the utterance of harsh words that sprang from his heart, for he knew his time was not yet ripe while a chance remained that Horace still survived.

"Tardon me, mademoiselle," he added humbly. "My distress has made me a sick man, irritable beyond my power of self control. I will not come to you again until I am better."

"I hope that will be soon," she said, giving him her hand.

He next sought Dede's. Passing Quillebert's house, he was halted by Laure.

"Your brother—is it true that he is dead?" she asked.

"I do not know," he answered.

"What do you believe?"

"Nothing."

"What does she believe?" pointing toward Estelle's home.

"She mourns for him."

"That is more than you will do."

"Why?"

"For a reason I will not state."

"Do you know the reason?" he asked testily.

"I do not. I sense it. I inherit that from my grandmother."

"Bah, Laure! That is nonsense, which you did not inherit from the doctors."

"Have it your own way. But there is

a second reason why you will not mourn."

"What is that?"

"Because you will not be sorry."

"Do you not think you are overstepping the bounds?"

"I have no bounds. I talk so because I know you. I have studied you, but I need not have done so, for I understand you without."

"Well?"

"You are in danger."

"From whom?"

"Yourself."

"Then I am doomed, for I cannot escape from myself." And Evariste laughed at his puer.

"But you can escape," Laure said, undisturbed.

"How?"

"Avoid Quillebert from this time on."

"That would be inconvenient, though it would not break my heart."

"And leave off your hopeless pursuit of that girl," again stretching her arm down the bayou, "for you shall never marry her."

"Is that a threat?" he demanded.

"It is a prophecy," she said, with a confident air.

"I was not aware Cassandra survived Troy."

"I do not know what you mean, but you know what I mean."

"Well, I thank you," he said, gathering the reins of his bridle and raising his hat.

"Unless you heed you shall have no cause to thank me." She kept her eyes fixed upon him until he disappeared behind the crest of the bayou bank, and then with all the intensity of her nature she exclaimed: "He shall come my way! I will it!"

Evariste continued to the cabaret and there found his two customary companions at their usual devotion to rum and cards. Quillebert was replete and hastened the intoxication and departure of old Latolais, after which he drew his chair near to Evariste and said:

"What are your plans now that your brother is dead?"

"They are not definitely formed. I must have verification of this report."

"But you believe it?" asked Quillebert.

"I incline to."

"If it prove true, what is your purpose toward Latolais' granddaughter?"

"I will marry her."

"Will she consent?"

"Yes, when I convince her she must in order to save her home and the old man's honor."

"How will you do that?"

"By means of the papers I bought from you and the two you still hold, which I will buy also."

"You mean the power of attorney and the order to cancel her mortgage upon his plantation?"

"Yes."

"How did you learn I had them?"

"It is not necessary to explain."

"If I put them at your service without price, you will not relent?"

"Never!" said Evariste, setting his teeth together determinedly.

"The papers are subject to your demand. Give me your hand," Quillebert said exultingly, adding as he chuckled, "Aha, my little Laure of the 'shall' and the 'shall not'!"

"What do you mean by that?" sharply asked Evariste, eying Quillebert suspiciously.

"Oh, as you said just now, it is not necessary to explain," replied the latter, continuing his low, malevolent laugh. "We will await the confirmation of the news."

And await they did, though impatiently enough, until two winters and springs had rolled by and fallen into the immeasurable and insatiable maw of the past. Though the battle of Perryville became a known historical fact, no list of the Confederate dead was obtainable, and no survivor returned to give the roll of the slain. Between Avoyelles and the dwindling army of the southwest lay the impassable Union line along the mighty river. But at length when this latter stretched to the western shore and beyond the region of middle Louisiana came the confirmation so devoutly wished.

In rags and unshod, his right arm handless and his left leg from the knee gone, Valsin Mouillot hobbled back to his old home, discharged as incapable of service. To eager listeners, many of them weeping, he recited what of the engagement he had seen, which was little, for he was in the heat of it. He told of the drought parched section of Kentucky, dusty and waterless, through which forced marches were made; how, east of Perryville, his retreating division was halted and formed for action under a broiling midday sun; how the warriors of both sides were famished for drink, while the only spring on the field lay in an apple orchard, on one side of which was a

company on this wall to uncover the spring. The first was under Captain Tailleure, who fell at the brink of the pool with a minie ball through his forehead. Lieutenant Oakfell led the second, received a murderous volley within 40 feet of the wall and bit the dust with Leon, the jockey, who had joined him at Corinth and followed him as body servant and cook of his mess. The third charge was about to be made under the leadership of Lieutenant Brulleton when a shell exploded in Valsin's face, and he knew no more until he recovered consciousness in a canvas covered wagon jolting through the passes of the Cumberland mountains to find himself minus a foot and a hand. He had lingered about the camps and hospitals until he was formally reported as unfit for duty, discharged and ordered to return home as best he could. His journey back was long, tedious and painful and now that it was accomplished appeared to him a hideous dream.

When the doleful story of Valsin was carried to Estelle, she looked with streaming eyes far into the blue vault above and whispered:

"Horace, hear me. Your voice called my love into being, and now my love is dead. No other voice than yours shall ever recall it to life."

es of the south may happen to dislike. In Alabama, for example, the Birmingham Times says of the constitution soon to be voted on: "It was carefully prepared to disfranchise thousands upon thousands of illiterate white people."

What are the working people of Ohio going to do in such a matter to show their sympathy with and support for their comrades, whether white or black, in the southern states? Will they let the work of disfranchisement go forward, and this Virginia endeavor to forbid freedom of speech without even a protest?

HOW LENTZ STANDS.

The result of Hon. John J. Lentz's remarks on the Buffalo tragedy was to give that gentleman a large slice of information as to his exact standing with the people of Ohio, since which he has had the good sense to keep under cover. In his own opinion Mr. Lentz was a much greater man than the president and when congress, through the will of his constituents, lost his valuable services, the country suffered an irreparable loss. In betraying his vanity, egotism and senseless venom against everything Republican his mouth has destroyed him. If he bridges his tongue and saws wood for about two million years the people may forget his disgrace and he will then be in a position to make a fresh start as an ordinary citizen.

Charles W. Baker and his flue posse will never attract Republican votes.

November 5, 1901, should stand out in history as the day on which the people of Ohio rendered a tremendous endorsement of the work of their greatest son. Let no man neglect his duty on that day.

A glorious opportunity awaits the people of Ohio, an opportunity that is eagerly coveted by the people of other states, to offer, by the means of the ballot, a tribute of honor to the memory of William McKinley.

Neuralgia.

The Prayer of a Nerve for More Blood.

Neuralgia may attack any part of the body but most frequently occurs where the nerves are most abundant.

In the head.

In the face.

Sometimes the heart nerves seem to twist.

Twining rheumatic pains of the extremities.

Sharp and intense at times.

In the intervals dull and heavy.

Neuralgia is the result of impoverished blood caused by impairment of the nerves—a lack of nerve force.

It is a disease of the nerve centers, and the pains accompanying it are a prayer for better nourishment. They are the danger signals which warn you against a total collapse of the nervous system.

Uninformed and all external applications can only give temporary relief. Permanent cure cannot possibly come until the nerve centers are thoroughly revitalized and reinvigorated by Dr. A. W. Chase's Nerve Pills. The beneficial effects of this great nerve restorative are felt thrilling through the nerve fibers as weak by week and month by month the nerve force of the body is restored. Women afflicted with diseases peculiar to their sex are frequently great sufferers from neuralgia. Dr. Chase's Nerve Pills positively cure both these disorders by filling the nervous system with new vigor and life. 50 cents a box at all dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. MINERS' CONFERENCE.

To Try and Secure Organization of Men in the Virginias.

OPERATORS WANT TO PREVENT IT

Appeal to West Virginia Miners to Not Let Leaders From Other States Interfere—News of Ohio, Pennsylvania and West Virginia.

Huntington, W. Va., Oct. 31.—Over 100 delegates from various miners' organizations arrived here by last night for today's convention. Equally as many more delegates are expected today. President Mitchell, Secretary Wilson, Vice President Lewis, W. R. Farley, of the executive board of the United Mine Workers; "Mother" Jones and others were in conference last night.

The first session will be held at 10 o'clock today and the meetings may continue the remainder of the week. The convention will propose a uniform scale of wages on a basis equal with that of Ohio, Indiana, Illinois and Pennsylvania and other competitive fields. West Virginia has never had even a formulated scale. Several attempts have been made to affect a scale, but always without success, and some of those present are doubtful as to the success of the present conference in that respect.

State officers from Pennsylvania, Ohio, Indiana, Illinois, Kentucky and other coal producing states are here. While the call for the meeting today includes the miners of West Virginia, it is understood that the main efforts at the present conference will be directed toward the mines of West Virginia first and then the organization will be extended to the Old Dominion. The output of West Virginia has become so enormous as to seriously conflict with other states, especially with Kentucky, Indiana, Ohio and Western Pennsylvania, where there is very little difference in the haul. It is held that the operators in other states claim they cannot pay the union scale in competition with the lower rate of the non-union mines in West Virginia, and the conference will appeal to the Virginia miners for the protection of the Union mines in other states.

The operators of West Virginia are also represented here and are appealing to their men against interference from labor leaders in other states.

East Liverpool Citizens endorse them.

Mr. Thomas Laughlin, of 172 Sophia street, engineer, says: "I caught cold and neglected it. It settled in my back and kidneys. Forced me to quit work and almost cost me my life. I could not move without suffering, and often could neither sit, stand or lie for pain. The secretions of the kidneys went wrong and distressed and annoyed me both night and day. I took medicine for ten years but did not get well. When I read of Doan's Kidney Pills I got a box at the W. & W. pharmacy. Noticing some improvement by the time I had taken the first half of the box, I continued until I had taken four boxes and my back was all right, as well as the urinary trouble. I will substantiate my statement of Doan's Kidney Pills if any one will come to my house to investigate for themselves. My wife had some backache also; she took Doan's Kidney Pills and was cured."

THE art of letters comes late in life, as a rule—later than most of the arts. It is rare for the gift to develop early. It is the most difficult, the most subtle, of all the arts, and this none the less because it appears the easiest, the most natural. I seriously began to write in the late seventies, and much of this work, carefully selected and reburnished, has appeared in "The Heavenly Twins" and "Ideala." My first published story was "Mamma's Music Lesson," for a children's magazine. I sent it to several periodicals without success. One afternoon, while looking at the unfortunate manuscript, I WAS MOVED BY A SUDDEN IMPULSE TO TAKE UP MY BIBLE. THE FIRST THING I OPENED TO WAS THE TEXT, "THE STONE WHICH THE BUILDERS REJECTED SHALL BECOME THE HEAD OF THE CORNER." THAT GAVE ME HOPE. I POSTED THE STORY AT ONCE TO ANOTHER EDITOR, AND IT WAS ACCEPTED. "The Heavenly Twins" was written round "The Tenor and the Boy," which is now a section of it and which no publisher or magazine editor would look at. Both "Ideala" and "The Tenor and the Boy" were written when I was between twenty-three and twenty-five. I suffered terribly from want of encouragement. It was a black time. I was thrown back for years. The only publisher that foresaw success was Mr. George Allen, whose little letter shines like a lamp among those dreary days. However, it was a lamp with an ugly shutter, for his acceptance of "Ideala" was dependent on the approval of Mr. Ruskin. But Ruskin did not care for me and refused to give me any chance in life.

FOR SEVEN YEARS THE BOOK LAY IN A DRAWER—THE BOOK THAT WAS TO MAKE ME. THINK WHAT SEVEN YEARS MEANS! AND THE YOUNG FOLKS FRET BECAUSE THEY ARE NOT FAMOUS AT NINETEEN.

I finally printed "Ideala" at my own expense in the office of a provincial newspaper, and it made, to me, an astounding literary sensation. The critics of the more literary type either attacked or praised it; but, whatever their attitude, they treated it seriously. I soon removed to London, buried myself in my work, avoided society as much as I could and wrote "The Heavenly Twins."

"The Heavenly Twins" finished, I was flung back into despair again by the refusal of Bentley to publish it. He had in the meantime taken up "Ideala." The weary round began again. Nearly every publisher was tried—certainly every large house. The book was rejected everywhere. Some of them kept it such a very long time—a cruel thing to do. I decided to print the book myself, and during the negotiations with regard to getting a publisher's name on the cover the book went to Mr. Heineman, and from the moment it entered his office the tide seemed to turn. His reader reported enthusiastically on it—foretold almost to a nicety what would happen—and Mr. Heineman took over the whole risk and brought it out with a success which established me in the calling of letters.

C. H. Schull, Glenwood, engineer on freight train, left wrist dislocated.

J. A. Spangler and F. M. Cunningham were both lying at the Washington hospital in a precarious condition last night, and their recovery was doubtful. James Beggan leaves a wife and several children, two of whom are now ill with scarlet fever, one having died but a short time ago.

Two freight trains had collided at Vance station, two miles east of town, the only damage being to the pilots of the engines. They moved to the siding at Sedikers, farther east, and the accommodation from Pittsburgh came on toward town.

In the meantime word of the freight collision had reached town and the engineer of a freight on a siding here cut loose and, taking several officials from the local yard, started out for the scene of the freight wreck. They met the accommodation about 150 feet east of the Brady tunnel. Of the 10 men who went out on the freight engine, only one was able to walk back to town.

Fairmont, W. Va., Oct. 31.—Two Italian coal miners, employed by the Fairmont company at Gaston, found a bottle, the contents of which resembled whisky. They asked a man what it was and he jokingly told them it was whisky. They drank the fluid and when Dr. Durett was summoned he found that the bottle contained muriatic acid. The sufferings of the men were terrible and both will probably die.

PENNSYLVANIA TREASURY.

Barnett Says Affairs Never Were in Such Excellent Condition.

Harrisburg, Oct. 31.—State Treasurer Colonel Barnett issued a statement of the condition of the state treasury, in which he states that the treasury with all its books is open to the free inspection of the public. Colonel Barnett also says: "The financial affairs of the state

treasury were never in such excellent condition as they are at this present time. The net funded debt of the commonwealth has been reduced to \$507,334.40. The entire appropriation to the public schools, with the exception of 10 small districts, which are being held for their annual reports, together with the charitable and other institutions of the commonwealth, have been paid in full, and there remains a balance in the treasury of \$4,746,299.31.

"Our payments for the present fiscal year up to and including the 28th instant, amount to the enormous sum of \$15,875,145.84, or \$421,426.94 more than was paid during the entire fiscal year of 1900. This large amount is accounted for by the payment of \$1,633,472.67 school appropriation carried from last year into the present fiscal year. We have paid to schools this year, including the amount from last year, the sum of \$6,855,622.27. The personal property tax has also been returned to the counties promptly."

MINERS' CONFERENCE.

To Try and Secure Organization of Men in the Virginias.

OPERATORS WANT TO PREVENT IT

Appeal to West Virginia Miners to Not Let Leaders From Other States Interfere—News of Ohio, Pennsylvania and West Virginia.

Huntington, W. Va., Oct. 31.—Over 100 delegates from various miners' organizations arrived here by last night for today's convention. Equally as many more delegates are expected today. President Mitchell, Secretary Wilson, Vice President Lewis, W. R. Farley, of the executive board of the United Mine Workers; "Mother" Jones and others were in conference last night.

The first session will be held at 10 o'clock today and the meetings may continue the remainder of the week. The convention will propose a uniform scale of wages on a basis equal with that of Ohio, Indiana, Illinois and Pennsylvania and other competitive fields. West Virginia has never had even a formulated scale. Several attempts have been made to affect a scale, but always without success, and some of those present are doubtful as to the success of the present conference in that respect.

State officers from Pennsylvania, Ohio, Indiana, Illinois, Kentucky and other coal producing states are here. While the call for the meeting today includes the miners of West Virginia, it is understood that the main efforts at the present conference will be directed toward the mines of West Virginia first and then the organization will be extended to the Old Dominion. The output of West Virginia has become so enormous as to seriously conflict with other states, especially with Kentucky, Indiana, Ohio and Western Pennsylvania, where there is very little difference in the haul. It is held that the operators in other states claim they cannot pay the union scale in competition with the lower rate of the non-union mines in West Virginia, and the conference will appeal to the Virginia miners for the protection of the Union mines in other states.

The operators of West Virginia are also represented here and are appealing to their men against interference from labor leaders in other states.

Urinary troubles, diabetes, surely follow.

Doan's Kidney Pills relieve back ache.

Cure every kidney ill.

East Liverpool Citizens endorse them.

Mr. Thomas Laughlin, of 172 Sophia street, engineer, says: "I caught cold and neglected it. It settled in my back and kidneys. Forced me to quit work and almost cost me my life. I could not move without suffering, and often could neither sit, stand or lie for pain. The secretions of the kidneys went wrong and distressed and annoyed me both night and day. I took medicine for ten years but did not get well. When I read of Doan's Kidney Pills I got a box at the W. & W. pharmacy. Noticing some improvement by the time I had taken the first half of the box, I continued until I had taken four boxes and my back was all right, as well as the urinary trouble. I will substantiate my statement of Doan's Kidney Pills if any one will come to my house to investigate for them. My wife had some backache also; she took Doan's Kidney Pills and was cured."

HITCH ENCOUNTERED

Proprietors of Novelty Stores Have Not Yet Signed Closing Agreement.

Every merchant connected with the business men's association has signed the closing regulation agreement of the retail clerks' union excepting the proprietors of the novelty stores.

The agreement has not yet been turned over to the clerks, and it is likely the merchants will retain possession of it until at least one more effort is made to have the others affix their signatures.

URGED TO ACTIVITY

Y. P. C. U. PASSES STRONG RESOLUTIONS FAVORING WORK.

Anarchy Condemned—Concluding Address By Rev. H. W. Temple.

The thirteenth annual convention of the Steubenville presbytery, Y. P. C. U., concluded last evening at the Second U. P. church. There was a large attendance.

A set of resolutions was adopted urging all members of the union to a greater individual activity in Christian work, the upholding of morality and righteous principles in public life and the condemnation of anarchy.

Rev. Mr. Heldiger, of Toronto, had charge of the devotional exercises, which consisted of singing, prayer and scriptural reading.

The address of the evening was made by Rev. H. W. Temple, of Washington, Pa. His subject was "Fundamental Virtues." It was an ethical dissertation. The crowning element of virtue, the speaker declared to be a love of justice. Christian character is the development of the great fundamental virtues. Religion is for us to develop character, not to escape punishment in the next world.

At the conclusion of the service a parting social was held in the lecture room of the church. Visiting delegates left on the morning trains for their respective homes.

Diphtheria Case.

A small child of Mrs. Caroline Burlingame, residing on Calcutta road, is ill with diphtheria. The house was quarantined last night.

Condition Encouraging.

William Cain, who was so badly injured a few days ago, is improving daily. The attending physician now has strong hopes of the young man's recovery.

HITCH ENCOUNTERED

Proprietors of Novelty Stores Have Not Yet Signed Closing Agreement.

Every merchant connected with the business men's association has signed the closing regulation agreement of the retail clerks' union excepting the proprietors of the novelty stores.

The agreement has not yet been turned over to the clerks, and it is likely the merchants will retain possession of it until at least one more effort is made to have the others affix their signatures.

URGED TO ACTIVITY

Y. P. C. U. PASSES STRONG RESOLUTIONS FAVORING WORK.

Anarchy Condemned—Concluding Address By Rev. H. W. Temple.

The thirteenth annual convention of the Steubenville presbytery, Y. P. C. U., concluded last evening at the Second U. P. church. There was a large attendance.

A set of resolutions was adopted urging all members of the union to a greater individual activity in Christian work, the upholding of morality and righteous principles in public life and the condemnation of anarchy.

Rev. Mr. Heldiger, of Toronto, had charge of the devotional exercises, which consisted of singing, prayer and scriptural reading.

The address of the evening was made by Rev. H. W. Temple, of Washington, Pa. His subject was "Fundamental Virtues." It was an ethical dissertation. The crowning element of virtue, the speaker declared to be a love of justice. Christian character is the development of the great fundamental virtues. Religion is for us to develop character, not to escape punishment in the next world.

At the conclusion of the service a parting social was held in the lecture room of the church. Visiting delegates left on the morning trains for their respective homes.

Diphtheria Case.

A small child of Mrs. Caroline Burlingame, residing on Calcutta road, is ill with diphtheria. The house was quarantined last night.

Condition Encouraging.

William Cain, who was so badly injured a few days ago, is improving daily. The attending physician now has strong hopes of the young man's recovery.
